PARENT FACULTY ASSOCIATION NEWSLETTER ~ OCTOBER 2009

For up to date info visit our website at www.whspfa.org

From the Office of Principal Tom Gwin

WHS is off to a great start as we move into the fall season, cooler temperatures, and hopefully, the MLB playoffs with the Red Sox participating. As I walk around the building I see excellent instruction and engaged learning. All students were able to see President Obama's special speech to students during the week of September 7th in social studies classes. Seeing the presentation in classes, students were able to discuss what Mr. Obama had to say as well as the political controversy that surrounded the event.

A highlight for me this past summer was attending Alan November's Building Learning Communities conference. Alan is a technology guru who focuses on effective integration of technology into instruction. Check out his website: <http://novemberlearning.com/>. I came away excited and invigorated by all that I heard and saw. A few major themes were reinforced through all of the presentations and workshops that I attended. These ideas included the following:

Kids today behave and think differently through their lifelong exposure to computer games and other interactive technology. Author Mark Prensky calls the new generation of students Digital Natives. Most of our teachers and parents are Digital Immigrants. Research has shown that Digital Natives use different parts of their brains and think in alternate ways when on a computer. Some research indicates that their brains are physiologically modified through their interaction with computers. They communicate differently, share differently, and learn differently. It's important that those of us who are not of Digital Natives generation but interact with them daily- that's us- learn as much as we can about the new behaviors and the new technologies.

Fundamental changes in the economy and workplace have reshaped industry and business. Over the last two decades, an industrial economy has shifted to a service economy driven by information, knowledge, innovation, and creativity. These changes in the economy and workplace are demanding a new and different skill set. These new skills, often supported by technology and referred to as 21st century skills, include the ability to respond flexibly to complex problems, effective communication, information management, and the ability to work in teams and produce new information. These new kinds of skills need to be integrated into our curriculum.

As educators, we need to embrace some tools of technology we currently think of as evil. At the conference I saw how personal digital devices like cell phones can have constructive uses in the classroom. On-line social networks can allow students and adults to collaborate in order to learn and/or produce new knowledge. Video games can have profound effects on student learning.

I believe we're in a very exciting time in the world of education. We're in the midst of a major transformation in how we deliver curriculum and instruction. In the last few years, the WHS faculty has been able to obtain tools that can help us- hardware like the laptops, projectors, and interactive whiteboards. We've brought in software like Gradequick and Edline that allows us to communicate with students and parents in a very effective way. In the next few years, a major goal of mine will be ensuring that the WHS faculty gets the training and professional development it needs to effectively use these new tools and teaching strategies.

Edline: Be sure you have activated your Edline accounts. The most up-to-date WHS information and the daily announcements are on Edline.

Student Flu Vaccine Clinics: For those students who signed up and paid in September, the seasonal flu vaccine will be given in school on Tuesday, October 7. Students will be called to the Nurse's Office individually by Mrs. Britt. Unfortunately, because the order was based on the number of students who registered, no other students will be able to receive the seasonal flu vaccine at this time. Stay tuned for information about the H1N1 vaccine clinic.

Photo Retakes: Burlington Studios will be back at school on Friday, October 9 for photo retakes during the lunch blocks in the corridor outside the cafeteria. During lunch, any student wanting a retake may have it done.

ATTENTION SENIORS: Cap and Gown Measurements

Cap and Gown measurements will take place on Wednesday, October 28th, during both lunches. Measurements will be held in the red staircase by the student parking lot. The cost is \$17.00 dollars ~ checks should be made payable to: Winchester High School and the student's name and the words "cap and gown" should be written on the memo line. Each outfit comes with a tassel, which students will receive in June. If you wish to purchase an additional tassel the cost is \$4.00 in cash, payable to University Cap and Gown Representative. You MUST have your Check/Cash to be measured!!! You will also be asked to verify your name, spelling etc., for your diploma.

REMINDER TO ALL STUDENTS: If you have not done so already please return the cherry colored sheet into the main office. This paperwork is one of the most important documents the school has on file for every student.

VISITORS: All visitors to the high school, including parents, must check in and sign a Visitors Log in the Main Office. All visitors must wear a visitor's name tag. Individuals who do not attend Winchester High School or are not on official business but are on the school grounds or in the school building will be treated as trespassers. This offense is a violation of the General Laws of the Commonwealth and carries a fine and/or imprisonment. Police will be notified.

CELL PHONES: Students are not allowed to use a cell phone in school at any time. All cell phones must be turned off. A student in violation of this policy will have his/her cell phone taken away and sent to an administrator. A parent must meet with an Administrator to pick up the phone.

SAVE THE DATE: MICHAEL FOWLIN RETURNING TO WINCHESTER! On November 16 and 17, Winchester will welcome back nationally recognized clinical psychologist and actor, Dr. Michael Fowlin. Dr. Fowlin will be presenting leveled programs to grades 3-5, 6, and 10-11, as well as a performance for all Winchester parents on the evening of November 17 at 7:00 pm.

Dr. Michael Fowlin, better known as Mykee, is no stranger to the stage. He has been formally acting since age 11, but started creating voices (via prank calling) at age 9. In addition to his talents on stage, he has an undergraduate degree in psychology from Evangel University, in Springfield, Missouri, and in the fall of 2001, he attained a doctorate degree in clinical psychology from Rutgers University. Oddly enough, he suffers from delusions of grandeur, for, while performing, he is convinced that every audience member is his patient.

His programs combine both his professional acting talents and his psychological training. His mission is to create an atmosphere of worldwide inclusion, not just tolerance, towards all people. He has worked extensively with all age groups in the United States and in other countries. His work has included peer mediation, diversity trainings, gender equity workshops, and violence prevention seminars.

Last year, over three hundred parents attended his evening performance. This year, we expect a similar turnout. Please SAVE THE DATE, and watch for notices about reserving a seat for his November 17 presentation to parents.

**Dr. Fowlin's presentation is being jointly sponsored by the Elementary, McCall Middle, and Winchester High School Parent's Associations, the Winchester Coalition For A Safer Community, and Parent to Parent. For more information on Dr. Fowlin's programs, please visit his website at www.michaelfowlin.com.

The WHS PFA 2009-2010 Direct Appeal

The WHS Parent Faculty Association's Direct Appeal is now underway for the 2009-2010 school year! **Early contributions are encouraged to help us plan for this year's needs.** To those of you who have already sent your checks in – **thank you!**

The **\$36,000** budgeted to be raised this year through the Direct Appeal (same budget as last year) will enable the PFA to continue to benefit all students and teachers at WHS by covering the cost of many important programs and supplies not included in the high school budget. In recent years, Direct Appeal funds have been used to provide grants to all WHS academic departments, the school library, and many extracurricular, enrichment, and support programs for your students. **Your contributions are important to our school community, are needed to help us meet our budget, and are most appreciated! Please consider a donation today.**

The PFA's goal is to raise Direct Appeal funds through the contributions of 100% of WHS families. We hope to increase this year's participation rate. Although a contribution of any amount is very much appreciated, we ask that each family consider making a one-time contribution for this school year of \$75.00 or more, which includes PFA dues.

Name of WHS Student(s) _____

Grade(s) _____

Amount of Contribution \$75 _____ \$100 _____ \$125 _____ Other _____

Checks made payable to the WHS PFA may be sent to **Joanne O'Donnell, 9 Pierrepont Road, Winchester, MA 01890.** You may also make your contribution at the WHS Open House on Thursday, September 24th, or the October meeting of the PFA. **Thank you for your participation!**

October PFA President Note:

Everyone's fall calendar is filling up quickly and attention spans are getting short. So, very briefly, here is my list of interesting events to attend in the coming months, I hope you will join me at each of them.

October 2, Former Secretary of State Madeline Albright comes to Winchester in support of the Connect and Commit program! Well known television personality Liz Walker will moderate a conversation with Secretary Albright at 7:00pm, McCall Middle School. Tickets are \$60 and include a copy of Secretary Albright's newest book: Read My Pins: Stories from a Diplomat's Jewel Box. Tickets are available at Book Ends or on line at www.bookendswinchester.com.

October 7th, Social Networking for the Inept Adult. Join WHS students at our PFA meeting, 7:30pm, WHS library, to hear how they use Facebook and what role texting plays in teen communication. FYI, they most definitely didn't include the phrase "inept adult" in their program description (they are too polite) but I suspect for many of us, it might fit.

November 17 Michael Fowlin returns to Winchester. I know November seems like it is a year away but this evening event is worth putting on your calendar now. Fowlin is an actor and psychologist who does presentations for students and adults about inclusion...sounds dry and not very compelling but I saw him at McCall last year and was amazed. Follow your email for updates!

I hope the first month has gone as smoothly as possible for everyone. As ever, if you have questions or concerns, please email me at whspfa@gmail.com. I hope to see you all at the October PFA meeting.

WHS Guidance Department October 2009

Middlesex League College Fair on October 27th

Students and parents from Winchester High School are invited to attend the Middlesex League College Fair co-sponsored by the WHS Guidance Department in cooperation with the Guidance Departments at several other Middlesex League high schools. The College Night will be held at the Shriners Auditorium on Tuesday, October 27, 2009 from 6:30 to 8:30 p.m. Representatives from more than two hundred colleges will be in attendance to speak with students and parents and provide admissions information. Directions to the Shriners Auditorium: Take exit 39 off Route 93N. Bear right off exit and take the first left at the Fordham Road traffic lights. Shriners Auditorium is at the end of Fordham Road.

Additional College Fairs/Special Interest College Fairs & Programs

For students interested in pursuing a program of study in the area of performing or visual arts, the National Association of College Admission Counseling (N.A.C.A.C.) is sponsoring a Performing & Visual Arts College Fair where attendees can learn about educational opportunities, admissions and financial aid, portfolio days, audition and entrance requirements from representatives of educational institutions with specialized programs in the visual and performing arts. The program will be held on Monday, November 2, 2009 at The Boston Center for the Arts. For additional information, directions, and a list of colleges attending, go to the website www.nacacnet.org

Helpful Suggestions for Attending a College Fair

Planning ahead can make attendance at a college fair a much more productive experience. Some easy-to-use suggestions include:

- Identify the colleges you definitely want to visit.
- Prepare a list of questions to ask.
- Bring mailing labels if you have them to save time when filling out cards.
- Bring a pad and pen.
- Only pick up brochures you really need and want.
- Do a computer search ahead of time to find colleges that meet your criteria.

For additional suggestions, students or parents may ask for a College Fair sheet from their guidance counselor.

2009 PSAT Date is Saturday, October 17

The PSAT/NMSQT (Preliminary Scholastic Assessment Test/National Merit Scholarship Qualifying Test) will be administered at WHS on Saturday, October 17. **This is the only date the test will be given at WHS.** To register for the PSAT, juniors will be all signed up automatically through their math teacher. If sophomores want to take it, they should sign up in the **Math Department, before and after school**, beginning Monday, September 28 through Friday, October 9. The cost of the exam is \$25.00. The fee must be paid the morning of the exam. Students should bring the EXACT AMOUNT in cash, or a check payable to "Winchester High School".

Why take the PSAT/NMSQT? The PSAT is the qualifying test that students (usually juniors) must take to enter National Merit Scholarship Corporation (NMSC) competitions for college scholarships that will be awarded in 2010. Information about NMSC programs, entry requirements, and scholarships can be found in the 2009 PSAT/NMSQT Student Bulletin that will be provided to them when they register for the test. Other reasons sophomores and juniors may want to take the PSAT are:

- To get feedback about critical academic skills.
- To seek information from colleges.

For the latest information about the PSAT/NMSQT and the SAT, go to www.collegeboard.com.

Fall College Representatives' Visits to the WHS Guidance Office

WHS guidance counselors believe it is an essential part of the college search process for students to meet with college representatives. In an effort to promote this contact between students and college admissions personnel, colleges have been invited to come to the Guidance Office Tuesday, Wednesday, and Thursday afternoons at 2:15 p.m. The number of colleges on these afternoons will be limited to four. Please check the list on Naviance for days and times colleges will visit WHS. These visits allow for a great deal of personal interaction between admissions personnel and students.

Financial Aid Workshop

The W.H.S. Guidance Department is hosting a Financial Aid Workshop for parents of seniors on Wednesday, October 7, 2009, at 7:00 P.M. in the Auditorium. Kendra Lider-Johnson, a representative from MEFA, will present the program. Ms. Lider-Johnson will provide step-by-step instructions on completing the *Free Application for Federal Student Assistance (FAFSA)*, the form required to apply for all types of financial aid. She will also present information on the *CSS Profile* form required by many private institutions, in addition to the FAFSA. Students are welcome to attend this informative workshop with their parents.

REMINDER

College Workshop for Parents of Seniors Class 2010
Tuesday September 29, 2009
7:00 pm – 8:30 pm
WHS Auditorium

IMPORTANT: Notice to College-bound Seniors and their Parents:

Please be sure to adhere to the Guidance Office Deadlines when requesting transcripts. In order for transcripts to reach colleges on time, it is critical that the Transcript Request Forms be submitted by the specified deadline.

If a college notifies you that something is missing from your admissions file, check with the Guidance Office about the date the materials were sent. Remember, colleges manage thousands of pieces of information. Recording and filing them can take weeks. Ask someone to physically check your file, not just the computerized database.

Connect and Commit Service Club Meets Tuesdays from 6:30-7:30pm in the WHS Library

You can sign up for the opportunities listed below at the weekly meetings or in the Connect and Commit office, which is in the library of the high school. If you have questions about Connect and Commit, visit Kristen Ritchie, Program Director, in the Connect and Commit Office, check out the Connect and Commit table at the High School Open House on September 25th from 7-9pm, or contact Kristen via email kritchie@winchester.k12.ma.us or via phone 781-721-7020 x1999.

This year, each month will have a theme. Each meeting that month as well as the additional service activities and events will relate to that specific topic. In meetings, students will learn about issues in the community related to the topic and even hear from organizations and individuals who are knowledgeable on the subject. Outside of the meetings students will have the opportunity to get involved in service projects that will show them some ways that they can help the community solve such difficult issues.

New to the Auto Shop is a red Miata with a blown engine which, thanks to a second WFEE grant, will be converted to electric power during this school year. The Auto Club meets every Monday from 6:00-9:00pm in the Technology Wing of WHS (best accessed from the rear parking lot). Questions about the club should go to Matt James, mjames@winchester.k12.ma.us.
